Cover

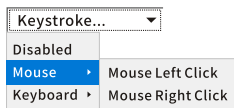

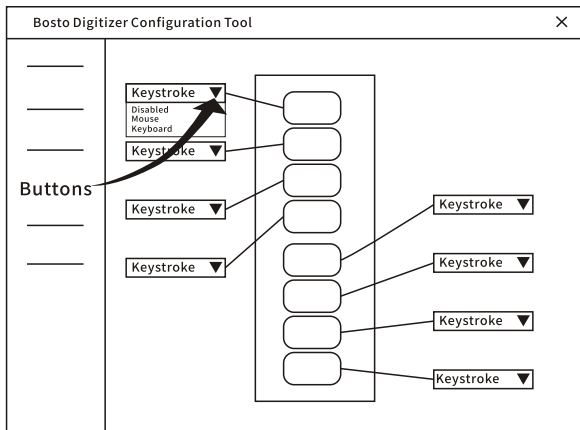

## SCREEN CALIBRATION

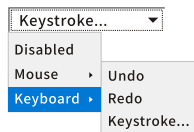

## TOUCH SETTINGS

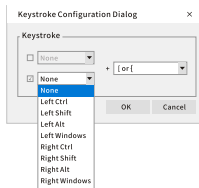

# EXPRESS KEY SETTINGS

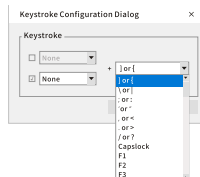

Option one: set to mouse function.

Option two: set to combination key function.

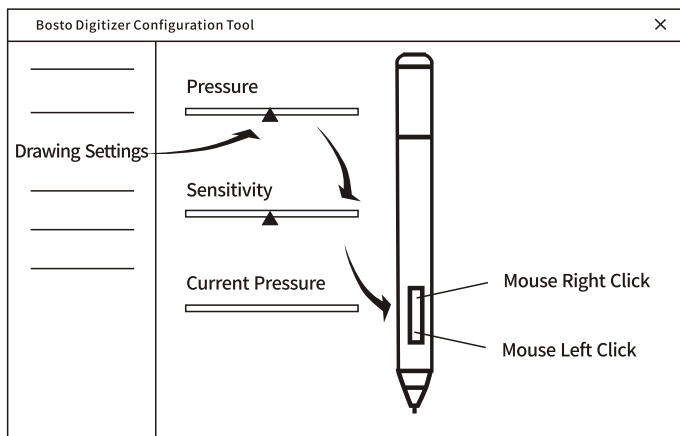

Steps: down the page and select the key you want and click on ok.

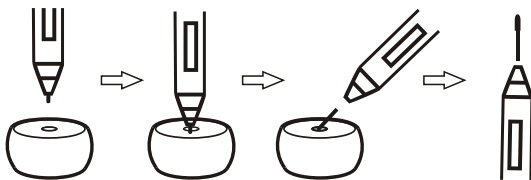

Option three: set to single key function.

## PRESSURE PEN SETTINGS

## REPLACE PEN NIB

There are two types of pressure-sensitive pens: battery-free pen and battery pen. Battery-free pen can be used directly, battery pen needs to be used after charging. The two types of pens are match different models of the pen computer and cannot be mixed.
